Learning about Black American Leaders that'll astonish your mind. It is a Black History learning book, workbook, and coloring book ALL IN ONE. It is for children ranging from Kindergarten to 2nd grade. It teaches the names of black American leaders, the years in which they were born, and the years they died. This book tells about the accomplishments of many black American leaders. It also shows the month of February, known as Black History Month. Children can also color the pictures of the black American leaders in the book.
