By Katherine B. just what I needed for my business and personal collection. Book is very informative and easy to use. thank you very much!
7 of 8 people found the following review helpful. A lightweight overview of the subject
By A Customer I expected more out of Christies. This slim book gave a brief history of the subject and lots of pictures, but no information on how to evaluate the age or quality of the pieces. A big disappointment.

By Geoffrey Charles Jones Without question the finest textbook of Staffordshire, I never leave the house without a copy. I can't believe one man could know so much. The author is a genius and should be knighted- Sir Geoffrey Stafford-Charles I honour you.

The potteries of Staffordshire, England, developed innovative glazing techniques in the 18th century and went on to produce a wide range of sculptural pieces, such as novelty jugs and figurines commemorating public events. This volume of the Christie's Collectibles series provides comparative examples that reveal typical and less common characteristics and provide keys to dating. 100 color illustrations.
