Allan Petretti, Chris Beyer : Classic Serving Trays of the Coca-Cola Company before purchasing it in order to gauge whether or not it would be worth my time, and all praised Classic Serving Trays of the Coca-Cola Company:

Yes, it's got nice big pix of the usual trays, but the vast majority of CC trays?...you won't find 'em here. Precious little content, unlike the other CC trays book out there, which blows this one out of the water. If you can pick this one up for a handful of dollars or less, buy it. But don't expect much for your money. 0 of 0 people found the following review helpful. Very nice book on Coca Cola trays. By Brian P. This is a very nice hardcover price guide book on Coca Cola trays. Nice clear color photos of the trays. Great book for the collector or dealer. I highly recommend this book..
