happy, thank you. Nice history and nice collectibles.0 of 0 people found the following review helpful. Five StarsBy C. BryantGreat buy for any collection of black memorabilia.2 of 2 people found the following review helpful. Great memorabilia book!By NANCY T.Book is excellent and delivery prompt. Great pictures and info about this American icon! Pictures of long ago products and details of them are very clear and enjoyable.

Aunt Jemima's familiar beaming, warm smile and laughing eyes have been associated with breakfast pancakes for generations of Americans. "Invented" in 1888 to help market a new type of pancake flour, Aunt Jemima has been represented by a good number of real women and a tremendous number of collectible products. This book displays hundred of the item available from Aunt Jemima's long history, and provides fascinating or funny glimpses into over a century of our nation's cultural history. Collectors interested in kitchen memorabilia and/or African-American history will find this book wonderfully eye-opening! Promotional items and advertisements are presented, including doll families, recipe books, kitchen utensils, menus, coloring books, and cooking set for children. The complete story of Aunt Jemima's Pancake Mix, the myth of Aunt Jemima herself, and the stories of the real women who portrayed her are all told in this delightful book. A price guide is included.
