**John Moorhouse : Good Owner's Clock Guide and Clock Logbook (Gives Guidance on All Aspects of Safe Operation, Care and Custodianship)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Good Owner's Clock Guide and Clock Logbook (Gives Guidance on All Aspects of Safe Operation, Care and Custodianship):

0 of 0 people found the following review helpful. Very informativeBy soulboy13This book is an excellent source of information for purchasing antique clocks. It outlines what to look for, assessing condition, and tell tale signs of non original modifications and repairs.It also goes in to depth about how to move and store a clocks, and the pros and cons of the various methods of buying and selling clocks.The log book is very detailed, and would be a valuable addition to any clock is filled out completely and accurately. It would be good if more of these logs books could be purchased separately, as it is for one clock only. For this reason I give the book four stars.In short, it does what it says - and very well. I highly recommend this book to beginners and experts alike.

Two book set, Guide and Logbook. An invaluable record, consisting of two books packaged as one, this guide provides guidance on all aspects of the safe operation, care, and custodianship of domestic clocks. With details on all of the necessary information to enable readers to make an accurate assessment of a clock's originality, condition, and

quality, advice is given on restoration and repairers along with useful tips on buying and selling clocks and initial pointers for researching a clock's maker and its overall history. A full and permanent record of all aspects of a clock for all eventualities, this compendium proves ideal for owners of a wide diversity of purposes ranging from verification of provenance to information for insurance purposes.
