Still an Essential Price GuideBy gobirds2When it comes to concise and easy to use price guides to Lionel Trains I have always found Greenberg's Guides to be invaluable. It breaks the catalogue numbers down into eras or distinct ranges of years of production and lists price ranges based on condition in a very orderly fashion. If you sell or buy on eBay this is a valuable tool. Greenberg's Lionel Trains Guides and publications are all first rate and come highly recommended.0 of 0 people found the following review helpful. qualityBy Graham Lewisnot as good as others,not as good as in early years,instead of just selling books,give better information on sales prices that match the market0 of 0 people found the following review helpful. nice to have handy for auctions or meetsBy patc477nice to have handy for auctions or meets, it is organized well could add a fair category price
