By Lori Blaser As an avid antique purse collector, I am always looking to learn more about my passionate hobby. Desire successfully expanded my knowledge by providing me with a wide range of information that I had previously been unaware of. Her Glossary taught me so much I did not already know. I love the fact that her book spanned from the very early year 1759 to the present. This is a very comprehensive book with so many gorgeous pictures. If you are a handbag lover, you should not miss owning this gorgeous book! 0 of 0 people found the following

Handbag Chic: 200 Years of Designer Fashion (Schiffer Book for Collectors with Price Guide) By Dave G. Shipment was a little later than expected but received OK. It was during the Christmas season so shipper was probably busier than normal. I would have requested expedited service but shipper offered no delivery upgrades so I took my chances. Arrived on the very day it was presented as a Christmas gift!
