2 of 2 people found the following review helpful. Overpriced bookBy Earl S. HandyVery overpriced as it is only 36 pages and held together with staples; I have written longer college reports. Over half the book is on the royal family and not nearly as much as I expected was dedicated to the actual stamps. 4 color page and a color cover and the rest in black and white. Printing quality is marginal0 of 0 people found the following review helpful. Useful referenceBy John D. BurkeGood reference. Scott catalog OK, but not for varieties.0 of 0 people found the following review helpful. Five StarsBy Niholas PetracoGreat!
