0 of 0 people found the following review helpful. Good book for fans but make sure you know what you are buyingBy Donna L. PerryYou have to know what is in this book before buying. Print is faded and hard to read in many places.2

of 2 people found the following review helpful. A fascinating look into the past
By Florida Clay
If you love clocks, or would just enjoy a peek into the early 19th century, you will enjoy this book. Chauncey Jerome was a major player in the early days of American clock making and knew most of the other early players. He led a roller coaster life from poverty to wealth and (with the "help" of P.T. Barnum) back to poverty. It is an easy read written in a conversational voice--well worth the few hours it will take to read through it.

By William Olson
Interesting history of Chauncy Jerome.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
