Great Book for Identifying Kachina DollsBy Sandra SmithI recently purchased an older Kachina doll, my first, because it had (squash blossom)Hopi maiden hair. Colton's book has some pages of colorful photos of modern Kachinasbut also provides many pages of line drawings of Kachina doll heads with descriptions ofeach Kachina's typical clothing and accessories. There are also sections depicting specific features such as eyes, hair styles, noses, etc. Colton's book enabled me toidentify my kachina doll - Kokopelli's female counterpart.3 of 3 people found the following review helpful. Great for serious students and collectors.By The WizardThis is NOT a coffee table picture book. But it is a GREAT book for serious collectors, artists, and anyone interested in learning to identifytypes, meanings, principle features, meaning of details and colors , etc. Consists of line drawings and details of 266 different kinds of HopiKachina dolls.0 of 0 people found the following review helpful.
