1 of 1 people found the following review helpful. Comprehensive Information- Must read!By SP34Perfect. This book

was exactly what I have been looking for. The part about thinking through your goals in advance and developing a plan before you start buying was great. Now I know what I plan to buy, but also why to buy it. Privacy is number one with me. 1 of 1 people found the following review helpful. Excellent read. I have been going back and forth ...By CustomerExcellent read. I have been going back and forth on trying to decide to store my metals myself or just what to do with them. Your book really cleared things up for me and helped me to think through the process. Great insight here, Thanks. 0 of 0 people found the following review helpful. It's amazing how much wrong info there is on the netBy CustomerFabulous. I had been so confused over all of this and been told so much wrong information. It's amazing how much wrong info there is on the net. This book addressed all of my questions and left no doubt about which way I should go. Thank you, thank you

This is a "MUST READ" book for ALL Gold and Silver Investors who are considering storing their gold and silver precious metals in off site, private vault storage facilities. Are you trying to decide if off site vault storage is right for you and for your gold and silver? This book will walk you through the pros and cons of off site precious metals vault storage and help you decide if it's a good fit for you. It will give you all of the inside information, facts and details you need to know to make informed decisions. There are lots of pitfalls and expensive bad options out there in vault storage options and this book will help you navigate through this mine field and guide to to making safe and wise decisions. Here are just some of the things you will learn in this book: *Is Off Site Vault Storage Right for Me? *What About The Vault Storage Risk? Yes, There Is Risk Here. *Prices Fees, Is It Worth It and Where The Values Are *Domestic vs International Vault Storage - Which Is Best *Does the Geographic Location of the Facility Matter? *Critical Items to Look For When Selecting a Facility *A Detailed List of Questions You Must Ask When Choosing A Facility. *Regulations, Laws, Reporting and Taxes *Segregated Storage vs. Allocated Storage - This Is Hugely Important *List of 25+ Storage Facilities In The USA and International The first part of this book starts off at a high level and helps you determine if off site vault storage is best for your needs. It then walks you through all of the details and options that are available. We help you think-through these options and help you figure out which ones would suit your needs best. We cover the critical decision of choosing segregated storage or allocated storage. This is so important! We even give you a detailed list of questions you must ask each facility before making your choice. In the latter part of the book we list over 25 off site vault storage facilities. We give you a list of facilities in the United States and a list of facilities around the world. You get the name and full contact information of each facility. This saves you a ton of time trying to find all of these locations and it helps you make your decisions more quickly. It is important to know that off site vault storage is booming. People are buying precious metals like never before and many are searching for facilities to store them in. Many facilities are filled to the max and not taking on any new clients. Others are busy expanding and building new locations. At the end of the book, you will also gain access to the best place I know of to buy metals at the very best prices you will find anywhere. Invest a little time in reading this book and you can save yourself a lot of stress and lost money when deciding on a vault storage facility. This book will give you the knowledge and confidence you need to make a wise decisions that suits your needs best. Buy this book now. It will SAVE you a ton of money, help you make smarter decisions and enable you to sleep great at night. Not buying this book can cost you a ton of money and get you in a heap of trouble. Don't wait another second. Scroll up and click the "Buy Now" button and discover if offsite vault storage of your personal gold and silver investments is right for you. It's simply too important to wait.
