**Janine Fennick : Identifying Barbie Dolls (Identifying Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Identifying Barbie Dolls (Identifying Guide):

27 of 27 people found the following review helpful. Educational, useful, and just plain fun By Bridget Fennick manages to compose a book which has just enough information to help the uneducated Barbie fan without being overwhelming. If you're looking to collect Barbie, and aren't exactly sure where to begin, this book is a good place to start. It is helpful in distinguishing the dolls from varying eras, gives tips on cleaning and restoring older dolls, and even has a section pertaining to buying dolls from on-line auctions. Fennick has accomplished her goal: compact, informative, and fun. 0 of 0 people found the following review helpful. Five Stars By JEANETTE R.
