Mary Gorham Krombholz : Identifying German Parian Dolls before purchasing it in order to gage whether or not it would be worth my time, and all praised Identifying German Parian Dolls:

0 of 2 people found the following review helpful. Five StarsBy Glenda JacksonGreat!

Features the research on the parian dolls produced by eight factories in Germany during the late 19th century. The author uncovers over 1,000 porcelain shards that show the distinctive facial painting used by each factory. She also makes use of written records to delineate the significant role played by each worker in doll production.
