Marla Freeman : Simple Stylish Patterns for 18-Inch Dolls' Clothing (Creative Crafters) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simple Stylish Patterns for 18-Inch Dolls' Clothing (Creative Crafters):

0 of 0 people found the following review helpful. Five Stars By Peggylove it2 of 2 people found the following review helpful. No fitting for slim bodied dolls involved By Avid Reader I was looking for a few good sized patterns for slim bodied 18 inch dolls, which was the sole reason I purchased the book. I intended to use the sizing to create further patterns. The patterns in this book were supposed to be sized for Magic Attic sized dolls. The problem with the patterns is that sleeves are gathered, skirts gathered and pleated, pants sized for a gathered elastic waist, shirt is loose fitting. Nothing about these patterns are designed for a fit. I might as well have saved my money and redesigned the

patterns I have already for the American Girl who is full figured. 1 of 1 people found the following review helpful.
Great Patterns By Joyce J. Wojtysiak The dress patterns are the sweetest looking. They look like something a little girl would be wearing. They seem to be easy enough to make and I can hardly wait to get started. With all the pretty fabric that can be purchased today the possibilities are endless. The 18-inch doll has become very popular with little girls these days and the simple patterns in this book will make a great wardrobe.

Includes 12 original patterns for creating a complete contemporary wardrobe for an 18-inch doll. From a basic slip and panties to a fleece hat and coat, outfit your doll for any season and any event. For playtime, stitch up a flannel shirt and jeans or seersucker sun suit, for special celebrations try a gingham party dress with lace collar or a velveteen frock festooned with gold lame. Each outfit is pictured in colour; complete directions and pattern pieces are included.
