Impressed By Christina J Amond Very nice, looked brand new, and never read. 3 of 3 people found the following review helpful. 1912-2003 Chevrolets By James C. Franzen I like Hot Rods. Many are made from the old Chevys and Fords. There are so many old Ford hot rods that I have learned some of the body styles for the pre-50s models. With Chevrolets I needed help with models prior to 1941. This publication is a wealth of information on all the models, their features, motors, horsepower and how many of each were built. Not a novel, but a great reference. 0 of 0 people found the following review helpful. Five Stars By Deborah S. Great Book!
