For military historians and firearms enthusiasts this comprehensive reference book is a key resource to nearly all the military firearms available to U.S. collectors. Standard Catalog of[registered] Military Firearms features listings for

firearms manufactured in 1870 through to the present day. Listings for firearms including handguns, submachine guns, rifles and machineguns from more than 25 countries are given. This third edition offers more than 2,000 listings, details about model modifications, additional historic information, six grades of conditions and more than 1,250 photos. In addition, firearms enthusiasts will discover interesting feature articles and commentaries written by various firearms experts.

About the AuthorNed Schwing is a firearms expert and author of articles published in Guns Illustrated. He's written and contributed to other books.
