Hans Brunner : Stanley Planes: A Guide to Identification and Value before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stanley Planes: A Guide to Identification and Value:

0 of 0 people found the following review helpful. Handy ReferenceBy Brian DormerThis is not as detailed and exhaustive a Stanley type study as the "Blood Gore" website, but it is a handy reference. I'm not sure how accurate the pricing information is - as prices will vary over time. Still, as a quick reference, it's rather handy.0 of 0 people found the following review helpful. Excellent guide for Stanley tools.By Peter JonesA book that all Stanley Plane collectors will find invaluable. Well written with lots of hints and tips for everyone.0 of 0 people found the following review helpful. Five StarsBy stelbilot of information.

A comprehensive guide to identification and value for collectors of Stanley planes with hints and tips accumulated over 20 years of full time tool dealing and countless mistakes you don't want to repeat! hints and tips on collecting

cleaning and restoring a short Stanley history manufacturing details tricks of the trade what to check real market values detailed colour pictures A4 magazine format, full colour, 42 pages

About the Author Hans Brunner started off as an accountant. After leaving his job as operations director with USA Today International he made antique tools his full time business in Australia. For well over twenty years Hans has sold tens of thousands of vintage woodworking tools to buyers all over the world. Hans Brunner is a published author with over a dozen books to his credit. He is married with three children and four grand-children. Tool dealing now takes a back seat to writing and publishing.
