Gonzalez I was not familiar with this series of books. The images are of excellent quality and in a large format. Not an expert of Stugs, but have many books on AFV vehicles of WWII and many of these images look new to me. Highly recommended! Looking for other releases in this series. 2 of 4 people found the following review helpful. Five Stars By Joseph P Koss, Jr Many new photos and good coverage of variants. Excellent buy for the price.

The second in an exciting new book series from PeKo publishing. 102 black and white photos and over 112 pages of the German Sturmgeschutz II assault guns during World War II. Captions in dual language; Hungarian and English. Photos are from private collections and are previously unpublished.
