Ever since the toy market exploded, the cost of action figures has gone through the roof. That's why this "toy collection on paper" is so great--for only thirty bucks, I can look at every toy I ever had or WANTED to have. John Marshall and I must be close to the same age (early-to-mid-thirties), because a lot of his color commentary mirrors experiences I had owning and playing with toys. A fun and funny book, one that's sure to stir up lots of memories.

John Marshall is THE toy guru, and his opinion is highly respected. His love for comic toys shines through in this highly entertaining collector's guide. Don't miss it.

POW! ZAP! eeEEYOW! This is the exciting world of comic book hero toys. From TV to comics, we loved them all and wanted everything connected with them. The roll call includes banks, board games, dress-up costumes, cups, model kits, and so much much more, with the images of Captain Action*^T, Superman*^T, Batman*^T, the DC Comics Super Heroes*^T, Spider-Man*^T, and the Incredible Hulk*^T. Just to mention a few! The great villains were as interesting as the great heroes, no matter how we pretend otherwise--so they're here too. Baby Boomers remember it all fondly and super hero fans of all ages will drool. Over 700 color photos and a complete price guide are included.
