From Yale University Press : Swedish Wooden Toys (Bard Graduate Center for Studies in the Decorative Arts, Des) before purchasing it in order to gage whether or not it would be worth my time, and all praised Swedish Wooden Toys (Bard Graduate Center for Studies in the Decorative Arts, Des):

The Swedish toy industry has long produced vast quantities of colorful, quality wooden items that reflect Scandinavian design and craft traditions. This superbly illustrated book, including specially commissioned photography, looks at over 200 years of Swedish toys, from historic dollhouses to the latest designs for children. Featuring rattles, full-size rocking horses, dollhouses, and building blocks to skis, sleds, and tabletop games with intricate moving parts, Swedish Wooden Toys also addresses images of Swedish childhood, the role of the beloved red Dala horse in the creation of national identity, the vibrant tradition of educational toys, and the challenges of maintaining craft manufacturing in an

era of global mass-production.
