Tim Zinser, Dan Fuller, Neal PUNCHARD : Switchblades of Italy before purchasing it in order to gage whether or not it would be worth my time, and all praised Switchblades of Italy:

5 of 5 people found the following review helpful. Switchblades Of Italy: Almost Everything You Ever Wanted to KnowBy John E. DennisSwitchblades Of Italy Forbidden things have a degree of attraction for many of us and the information available on these has been concealed or hidden just as the knives themselves were removed from common experience. That is just as well but these originally utilitarian and sometimes decorative novelties were also clever inventions. Many may remember seeing one in their youth and being fascinated and mystified as to its mechanics. This book explains how a relatively small community in Italy exploited and were exploited to produce the world's supply of the Italian variety of these knives. How a few post-WWII American entrepreneurs imported the fruits of that community's labors and helped sponsor the switchblade boom in America until the ban. The ban

increased the desirability of these forbidden devices and made some of the more exceptional examples into rare collectables. This book traces the history and details various Italian manufacturers of switchblades with time spent looking at some of the mechanics and the innovations within the industry. Many questions about who made what and what they looked like are answered in this nicely prepared book dealing with rare collectables rarely seen. 0 of 0 people found the following review helpful. Good OneBy D in OhioGreat book great price. 0 of 0 people found the following review helpful. Bible On The SubjectBy TonyBible on the subject!

This book starts the reader on a journey through time, with a short history of folding knives, leading to the evolution of the first switchblade. Progressing through time, wonderful photos illustrate the descriptions of switchblades. Throughout the book, highlighted sections showcase specific details that will be most helpful to collectors. Also included are facts about knifemakers styles, patterns, tang stamps, and a complete illustrated glossary. Contents Include: The first ever comprehensive publication about Italian switchblade knives, featuring knives and history from the late 1700s to the 1970s. Pictured within this hardbound book are nearly 200 beautiful photos and ephemera of the most unique and rarest Italian switchblades. Actual-size photos span more than two centuries of knifemaking history. Also pictured are catalog pages and advertisements, as well as historical photos. Extensive research has gone into this book to present never-before-published information which clears up and dispels many myths. Entire sections are dedicated to the most sought-after knifemaking companies, such as: Latama Coricama Mauro Mario Details about the knifemakers and businessmen involved behind the knives reveal who the major players shaping the switchblade industry and who made knives for other companies.
