James R. Cunkle : Talking Pots: Deciphering the Symbols of a Prehistoric People : A Study of the Prehistoric Pottery Icons of the White Mountains of Arizona before purchasing it in order to gage whether or not it would be worth my time, and all praised Talking Pots: Deciphering the Symbols of a Prehistoric People : A Study of the Prehistoric Pottery Icons of the White Mountains of Arizona:

0 of 0 people found the following review helpful. Not written in stone - one person's opinionBy William M. HudsonSome fascinating speculation Into the meanings of pottery decorations in the Southwest. I am not sure I buy into all his conjectures, but an interesting read.0 of 0 people found the following review helpful. Five StarsBy mary in

new york cityvery useful book...helps to decipher the symbolism in the painting on pottery of the southwest.0 of 0 people found the following review helpful. Five StarsBy Irene PittsenbargarOrdered for my husband he seems pleased with it.

Did the prehistoric peoples of the southwest have a written form of communication? What do their symbols really mean? What secrets from the past can we unlock? Archaeologist James Cunkle is researching the Raven Site Ruin in the White Mountains of Arizona and from that site is putting back together the pieces of pre-history. The Talking Pots of the past now share their secrets.

About the AuthorPilot, spelunker, sky diver, sailor, scuba diver and more, author James Cunkle continues his dream of making a personal contribution to the sciences and to the study of humankind.
