Teddy Bear TreasuryBy sammyboyExcellent book, very useful and informative. If you are an arctophile you will find this book to be an essential part of your collection!6 of 6 people found the following review helpful. Excellent Vintage Bear Reference BookBy Michelle Ann SmithKen Yenke has presented a wonderful assortment of antique/vintage bears for the new and advanced bear collector to admire. The information in this book serves as a great guideline to what enhances a bear and specific price ranges to help acquire bears. The pictures give collectors ideas on how to successfully incorporate their bears in charming scenes with accessories, especially in the home. I would recommend this book to anyone who has an interest in seeing and learning more about antique bears.

This beautiful new guide has had each item carefully chosen from the authors extensive and amazing personal collection. Most of the bears in this adorable book have never before been photographed, and many of the major teddy manufacturers are represented. A great pictorial reference, this book provides an opportunity to learn more about one of the most lovable toys ever made.
